IMPORTANT MESSAGES

The University of Washington charges Seattle full-time undergraduate resident students \$11,547 annually in operating fees. State law requires an estimate of the cost of instruction, which is \$14,000 for the current year. The difference between the operating fee and estimated cost of instruction is roughly \$2,453 this year; the majority of this is provided by state support. For tuition disclosure information please see <https://www.washington.edu/opb/tuition-fees/required-student-fees>.

Under the American Recovery and Reinvestment Act of 2009, you may qualify for tax credits to help pay for college expenses. See IRS document <http://www.irs.gov/pub/irs-pdf/p970.pdf> for more information.
